# SWELLING IN HIS LEG

Trouble gone after few applica-tions of simple remedy

As he came in from work in the evening, a garage worker of Shreveport, La., felt a pain in his left leg above the ankle, and the next morning it was badly awollen and worried him when walking.

"I applied Sloan's Liniment to it that night," he writes, "and the pain pearly all left. I applied it again and the next day the awelling was all gone. For all aches and pains I find nothing to beat Sloan's Liniment. I keep a bottle in the garage where I work."

Sloan's gets results because it stirs up the body's own powers to heal itself. Just pat it on, and at once you can feel the fresh blood tingling through the sick tissues. Inflammation, swelling, stiffness, pain, begin to give way at once.

Get a bottle today and have it on hand. All druggists—35 cents.

Mellon's Judgment Vindicated. The announcement of Secretary of the

Treasury Mellon, wired out from Washington Thursday, that there would be a surplus of \$500,000,000 on hand when the government closed its books at the end of the fiscal year. June 30, may be taken as another indication of the financial acumen of the secretary and another demonstration of the almost infinite superiority of his judgment in matters of | finance over the combined judgment of the members of the two houses of congress who opposed his view of what would be the result

Secretary Melion held that the result of the lowering of the rates would be to bring money cut of hiding and from investment in taxexempt securities and cause it to be invested in productive enterprises which would naiurally increase incomes. Those opposed to him held that his proposal was merely a plan to lighten the burden of the rich at the expense of the merely well-to-do, and some of them predicted that a deficit would be the result.

of the lowering of the income tax rates.

The enormous surplus is accounted for in press reports in part due to heavy payments on income taxes on the 15th of the present month, which are roughly estimated to have ; been \$580,000,000 or about \$\$0.000,000 in Journal excess of the payments made for the same period a year ago.

However, it is very probable that a considerable factor was the tax for the latter half of i the calendar year, 1926, on the interest n government bonds in excess of \$5,000, which interest up to July 1 of last year had been largely exempt from taxation. This item may become owing him an average of SW 15 - Youngs this other have been overlooked by members of ceneres" when discussing rate reduction, but it is Hardly possible that it was overlooked by Mr.

Mellon. At times we are inclined to feel that even yet this country doesn't appreciate at the full . how fortunate it was to secure the present secretary of the treasury to handle its financial affairs. Were the one accomplishment of the Harding administration the securing of the services of Mr. Mellon, considering the situation which faced the country at the time it took over the reins of government, that accomplishment in itself was enough to make that administration notable.

No doubt the realters of Oblo are sincere in their thought that the licensing and bonding of dealers in real estate will prevent many imposilions upon the public. We grant this. But there are many who will see in it also the fastening of another bureau upon the people of Ohio to increase the tax hurden, and these will naturally ask: "If there is to be a real estate board, why not a bureau for every other line of business? Where is this bureau business going to end anyway?"

We fear this observation may prove offensive to some of our good realtor friends, but it's a proposition which they must face, for the general public of Ohlo has become heartily sick and tired of commissions, boards and bureaus,

The same condition which will cause deafness in child will do the same thing in an adult. But children have another factor to deal with and thus to increase the danger of aleafness. I refer to adenoids. Month breathing is a symptom demanding attention. Not because of what it will do directly, but because of its cause, mouth breathing should not be neglected. The Lild should be examined. Nine times out of ten a child with this trouble has adenoids. They fill my the space between the nose and throat and interfere with the opening into the i Enstachian tube. The decimage and vestilation of

the middle car are cut off and deafness results. An "adenoid child" is likely to have a discharge | from the nose and running down the back of the throat, a discharge in appearance not unlike boiled starch. are being widely supplanted by a new way called Kotex. Kotex discards as easily as tissuc. Thus no laundry, no em-

barrassment of disposal. It's 5 tunes as absorbent as ordipary cotton "pads." Thus you wear lightest frocks; dance, motor, go for hours without a moment's doubt.

Deodorizes, too; thus ending all fear of offense. 8 in 10 better class women now employ this way. Doctors advise it. Nurses widely urge it. Obtain at any store without embarransment simply by saying "ROTEX." Try today and you'll never again

# New De Luxe Light Six Sedan NOW ON DISPLAY

# Setting New Standards of Luxury for a Sedan in the \$1000 Field

In this new De Luxe Light Six 4-Door Sedan, Nash has set a style and value precedent destined to revise all existing standards of car luxury and performance in the \$1000 field.

Only on this superb model will you find such an impressive array of those fine features usually associated with costly cars.

The seat upholstery is of genuine Mohair; the body finish is in lustrous lacquer toned an exquisite shade of blue; there's a motometer and an ornamental radiator cap; and the steering wheel is executed in genuine Circassian walnut

A note of smartness is provided by the bumpers in the front and bumperettes at the rear, while 4-wheel brakes of

245 North Main St.

special Nash design further add to the security and safety of all passengers.

Headlamps of the smart bullet-type pattern contribute a pleasing note of distinction which is heightened by cowl lights in the same design. Five disc wheels are standard.

And the famous Nash 7-bearing crankshaft motor-acclaimed by engineers the world's smoothest type-provides a degree of power-smoothness and quietness that will prove a real revelation to those accustomed to ordinary performance offerings of cars in this price-class.

If you're thinking of buying a motor car this spring—and insist on the greatest value-good judgment will lead you into our salesroom for an inspection-and a drive-of the De Luxe Light Six Sedan.

The Nash price range on 23 different models is from \$865 to \$2090 f. o. b. factory

100 Piece Dinner

Local Organization Host to Mansfield, Calion and Crestline Groups

Marion Kiwanians last night cuic: tained members of the clubs in Marfield, Galian and Creethee at an intercity meeting, held in Hotel Harding. More than 100 members of the four clubs were present. The affair started with a dinner at 6:30,

Martin J. Foss, dean of physical; culture in the Y. M. C. A. school in Chicago, was the speaker of the officer and gave an interesting talk on the "New Definition of Physical Culture,"

Other guests who spoke briefly were District Governor Black, of Mansfield and Former State Governor of Kiwanis Poling, of Mansfield. Dr. James W. McMurray was chairman of the meet ing last night. Music and vocal selections which made a big bit with the Kiwaniana were given during the dinner by a group of five girls from Hard ing High School.

The stant program given after the dinner was the feature of the meeting. Kiwanis hats, bearing the emblem and St. Patrick's day decorations and favors added to the spirit of the stants. Ledby W. E. Oreutt the Kiwanians rang "Old McDonald Had a Farm" with all the unimal initations which it involves.

Yet Frigidaire makes plenty of ice cubes

The Frigidaire frost-coil and self-scaling tray fronts keep the temperature in freezing trays always below freezing. Ice cubes and unusual desserts can be frozen easily and quickly.

BE sure the electric refrigerator you buy is a genuine Frigidaire—it makes you completely and permanently independent of outside ice supply. The direct frost-coil cooling gives you a food compartment 12° colderwithoutice-a dessert and ice-making compartment always below freezing.

Low prices

Frigidaire prices are surprisingly Iow-offering values made possible only by quantity production, General Motors purchasing power, and a public preference that has placed more Frigidaires in use than all other electric refrigerators combined.

Come in today

Let us demonstrate Frigidaire to you. Let us show you facts and figures about its performance and low operating cost. See the beautiful metal cabinets. Or, if you have a good refrigerator let us show you how easily and cheaply you can have all the advantages of Frigidaire.

# "Better for children" is what authorities say of the natural whole grains

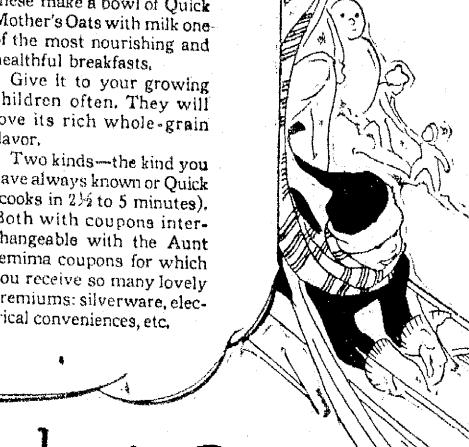

Only a few cereals come to you with all their original nourishment - often some of the valuable parts are

milled away. But the careful millers of Quick Mother's Oats realize the value of the natural whole grain. They remove none of the indispensable parts-and for the growth years, especially, this is of great importance.

The tender bran covering of the oat, vitamins, minerals, and a liberal contribution of tissue-building proteinthese make a bowl of Quick Mother's Oats with milk oneof the most nourishing and healthful breakfasts.

Give it to your growing children often. They will love its rich whole-grain

have always known or Quick (cooks in 21/2 to 5 minutes). Both with coupons interchangeable with the Aunt Jemima coupons for which you receive so many lovely premiums: silverware, electrical conveniences, etc.
